BLACK LAGOON

MONSTER MEGA HIT®

The Monster Mega Hit® Jackpot is an in-game, **no-contribution Jackpot system**. It is designed to be **simple**, **engaing** and **flexible** for operators and players alike.

ADJUSTABLE VALUE

MONSTER MEGA HIT 10.000-1.000.000

Operator Adjustable

- Jackpot value is fully adjustable per each operator. Default preset value is 100.000€.
- Customizable to fit market strategies or promotions.
- Monster Mega hit value can also be **set per currency.**

Fixed Jackpot Value

- Jackpot **remains constant** regardless of the players bet size.
- Possible to win on all bet levels. Same significant jackpot value can be won with min bet.
- Offers significant proportional wins on smaller bet levels.

MONSTER MEGA HIT 100.000,00

0,01 €

Cross-Game Availability

- Available across different Back Lagoon games.
- Players can **chase the jackpot in their favorite games.**
- Integrated into each individual game mechanic.

Simple and Engaging Trigger Mechanic

- **Triggered by 3 'Jackpot'** symbols on middle three reels (scatter).
- Simple and intuitively understandable mechanic.
- Jackpot symbols are integrated into game flow and deliver great visibility.

Scalable Architecture

The Monster Mega Hit Jackpot is **part of a larger family of jackpot solutions.** Future advanced versions will offer **additional functionalities**, further enhancing player experience while maintaining familiar core mechanics.
